Job and Person Specification

Job Title:	Construction Labourer
Reports to:	Building Manager / Maintenance Manager / Construction Manager
Department/Function:	Construction – Leisure & Tourism
Location:	Raby Castle, The Rising

Purpose of job

The Raby Rising development project is the most ambitious construction project Raby Castle Park & Gardens has embarked on in decades. It will see the restoration and refurbishment of many of listed historic buildings as well as several new-build structures. We are looking for a hardworking and dedicated labourer to join our construction team, who is passionate about working in this remarkable setting. You will be required to assist various trades and undertake a variety of tasks across a wide selection of existing buildings as well as some new iconic additions.

The successful candidate for the position of labourer, will have excellent communication skills, a good eye for detail, and be willing & flexible to undertake all challenges expected on a fast-paced multi discipline construction site.

The position is offered on a permanent basis and provides a rare opportunity to work on a wide variety of historic listed building as well as some new build additions.

Key tasks and responsibilities

- To undertake labouring work to the highest standard as required
- To work as part of the directly employed Raby construction team on 'The Rising', carrying out work on both new build and refurbishment projects.
- Performing setup and cleaning tasks on site.
- Digging pits, trenches and foundations.
- Working alongside a variety of trades and assisting in daily tasks.
- Basic artisan skill sets such as mixing concrete, measuring out and the use of small hand tools.

This list is not exhaustive, and you may be required to carry out any reasonable duties as requested by The Raby Estate management team.
